

AI/ML Intern:

1. Self Introduction
2. About internship/projects you have done
3. Explain briefly about the project
4. What is Python and data types?
5. List and Tuple
6. What is Machine Learning?
7. Types in Machine Learning
8. Explain Supervised Learning
9. Classification and Regression
10. LLMs
11. NLP
12. TensorFlow
13. LLM
14. Types of Machine Learning: Supervised, Unsupervised, Reinforcement
15. Regression
16. Cross Validation
17. Named Entity
18. Why NLP?
